

Acknowledging Bus Drivers

Oakland Middle School
Rutherford County Schools

Oakland Middle School has been working on strengthening relationships with all their stakeholders. To celebrate and acknowledge their bus drivers' hard work, school staff delivered a special treat to all drivers along with a note expressing their gratitude. Each bus was given a small version of the OMS Bus Expectations posters to display. This helps remind students that they are expected to Be Engaged, Be Prepared, and Be Respectful in all environments, not just within the school building. The posters also ensure bus drivers and school staff are using common language throughout the day. Consistency is key to a successful Tier I system!
